

AGENDA

Baltimore Civilian Review Board

Place: Enabled by Zoom
6:00-7:30 pm

April 7, 2020

- I. Welcome & call to order
- II. Review and approval of agenda
- III. Review and approval of minutes from the Feb. 20, 2020 meeting.
- IV. New Complaints

CRB 2020-0003 While passing through security at the Clarence Mitchell Court House on his way to a meeting, the complainant had an exchange of words with the officer (Sheriff's Dept.) handling the security check after the metal-detector alarm sounded. Eventually, the officer forced him out of the building, threw the complainant's belongings on the sidewalk, and called him a nigger.

CRB 2020-0016 After calling the police about a disturbance at her parents' home, the complainant accuses the police of coming into the house and roughing her up. They then placed handcuffs on her that were extremely tight. This was followed by a drive to the hospital.

- V. Completed investigations

CRB 2018-0018: EF (FA, H, AL expired) The complaint is directed at four officers who are accused of targeting the complainant repeatedly. The complainant did not cooperate with CRB investigators in their attempt to interview him. Our considerations will rely completely on the investigative report supplied by the PIB. We note that the charge of Abusive Language was sustained against one officer by the PIB. Neglect was sustained against the same officer for turning off his Body-Worn Camera.

CRB 2018-0127: EF (FA expired) Complainant alleges that her son was beaten after a foot chase and then falsely arrested. Her son had a facial laceration after trying to elude police officers by running through a wooded area after dark. The complaint is lodged against both officers involved in the chase and arrest of the complainant's son.

- VI. Sharing Considerations

- The PIB is required to give us its investigative report. Would we be willing to reciprocate by giving them the CRB's investigative report, excluding any portion of the report that has been supplied by a witness who does not consent to sharing his/her statement with the BPD?
- We have been asked if we are willing to share our complaints with the State's Attorney.

VII. Public comment

VIII. Other Business
