**VI. Completed Cases:**

**A. CRB2022-0070/PIB22J-0004:** Filed on May 25, 2023, against identified BPD officers on behalf of her deceased son for excessive force. The Complainant stated that on February 19, 2022, her son was driving his car when he was stopped by BPD officers for an outstanding warrant. The Complainant stated that because her son was unarmed and feared for his life, he returned to his vehicle and attempted to flee the scene. As he attempted to flee, the Complainant stated that the officers shot her son in his chest. The Complainant is alleging excessive force because she believes that this was an unjust shooting. The Complainant also believes that BPD is attempting to dehumanize her son by stating that he had a criminal record and an outstanding warrant as a way to distract from their misconduct. After the medic arrived, the Complainant's son was taken to the hospital where he was pronounced dead.

**B. CRB2023-0051-1117SO/PAB2023-0117:** Filed on April 20, 2023, against two identified officers for harassment. The Complainant alleged that on December 21, 2022, two identified deputies from the Baltimore City Sheriff's Office used intimidation practices to illegally enter one of his rental properties. The Complainant stated that he owns four rental properties in Southeastern Baltimore City. The Complainant alleged that the two identified deputies and a Baltimore City Department of Housing Investigator were targeting him and his property management company. When the deputies arrived at one of his rental properties, the Complainant stated that one of the deputies threatened to put a lien on the property and sell the Complainant's home if he did not provide his business financials to the deputy. The Complainant stated that he asked for a warrant, but the deputy stated that he didn't need one and that he would get an arrest warrant and charge the Complainant for obstruction if the Complainant didn't turn over the financial information. The Complainant stated that even after the Department of Housing proved that all of his licenses were up to date, the

Sheriff's Office continued to place notices on his door. The Complainant also believes that he is being racially profiled. As a result, the Complainant stated that he has suffered distress and trauma from the incident. The Complainant is seeking financial compensation for his financial loss and mental anguish.

- C. CRB2023-0045/PIB2023-0453:** Filed on September 1, 2023, against an identified BPD officer for excessive force. The Complainant stated that on April 6, 2023 at around 9pm she noticed that her daughter had been sharing inappropriate videos with her female friends. Upon discovering this, the Complainant told her daughter that she did not want to see that kind of content in her daughter's phone again. After the Complainant approached her daughter about this behavior, her daughter became frustrated and slammed her bedroom door and knock objects off the table. The Complainant stated that she called the police at 11pm to attempt to resolve the situation . However, her daughter's belligerent behavior continued 30 minutes after the first set of police officers left the home. When the second set of officers arrived, they advised the Complainant that they could take her daughter in for an Emergency Evaluation and stated that it was "bad parenting." When the identified officer made this statement, it offended the Complainant's male friend, resulting in him leaving the home with the officer. The Complainant followed them to make sure her friend was alright. The Complainant is alleging excessive force because upon leaving the home, the identified officer grabbed her arm aggressively and forcefully twisted it.
