**V. New Complaints:**

- A. **CRB2022-0158:** Filed 9/24/2022 against an identified BPD officer for Harassment. The Complainant alleges that he has had many interactions with the subject officer, including the officer unlawfully confiscating his personal property, the officer framing the Complainant, the officer leaking information to a gang because the Complainant refused to testify to the grand jury, and retaliation against the Complainant for reporting the officer.

**VI. Completed Cases:**

- A. **CRB2022-0055/PIB2022-0159:** Filed 4/2/2022 for Harassment and False Imprisonment against an identified BPD officer. The complaint alleges that on 2/4/2022 the Complainant's vehicle was pulled over for a license plate cover infraction and a BPD officer approached him. The Complainant provided his license and registration information. The subject officer asked the Complainant to get out of his vehicle. The Complainant asked him why, and the officer stated that he didn't feel safe around the Complainant because the Complainant was using his phone. The Complainant exited the vehicle and was handcuffed and searched. The officers asked if they could search his vehicle, the Complainant said "no," but it was searched anyway. The officers did not find anything in the vehicle or on the Complainant and the Complainant was allowed to leave. He was given a phone number to call, but when the Complainant called the number to request a report from the incident, the report couldn't be located. Body-worn camera footage shows that the subject officer stated that he handcuffed the Complainant and searched his vehicle because he was acting "weird," his left arm placement was suspicious, and it looked like the Complainant was moving around in the car while the officer ran his license.
